

HSA MEETING – Letter from MT HOTHAM ELECTRICAL

Lodge Owners and Guests,

Mt Hotham Electrical would like to thank you for your continued support for Essential Services testing compliance and electrical work at Mt Hotham and surrounds.

As a local owner and operator for over 35 years, we also have a passion for the Skiing Industry. The services provided by a small but dedicated team at Mt Hotham Electrical meets all electrical and fire safety compliance.

Mt Hotham Electrical is committed to the safety of all buildings and venues on the mountain and will continue to be of service on the mountain during winter and summer.

Brian and his team will continue to offer you these services and they have been reviewed with lodges needs and budgets in mind and we are confident you will be happy with the service and communication on keeping your lodge safe and compliant.

The services we provided are:

Design and Installation of Exit and Emergency light systems

Exist and Emergency light testing and repairs

Testing of all types of fire systems from fully commercial to domestic detectors

Complete knowledge and up to date on testing regulations

Design and construction of Fire Alarm systems

Provide sound level tests for alarm systems Domestic and commercial maintenance

Upgrading current systems to meet regulations

Advice on up-grading existing systems

All work performed is by trained, qualified and certified Electrician's available 7 days a week and 24hours during the snow season.

We will be contacting each lodge individually to discuss their own systems and requirements.

Please feel free to email any questions or feedback to Brian Taggart - tags@mthe.com.au

Regards,

Brian Taggart
